I knew I should have savored every moment  
I wish I would have grabbed it tight and just held it

And I know, I know everything's wrong  
I Let go, let go, and now I'm gone

When it all falls down  
And you know  
There's no way that you can get out  
When it all falls down  
And you know  
You know you can't get out.

I knew I should have cherished every second  
I step back, I step back into another perspective  
And in my mind, my mind I know I've been wrong  
It's a feeling you've got, you're feeling so cold

When it all falls down  
And you know  
There's no way that you can get out  
When it all falls down  
And you know

There's no way that you can get out

I don't want to feel like this will never be over  
And I don't want to sit and think about what's going  
wrong  
And I don't want to feel like this will never be over  
Cause it feels like I've been falling for so damn long

When it all falls down  
And you know  
There's no way that you can get out  
When it all falls down  
And you know  
There's no way that you can get out

Will never be over(x2)  
(All falls down  
And you know

There's no way you can get out)

And I don't want to feel like this will never be over  
(never feel over)

When it all falls down.
