I know I've seen some bad days
But I never thought it got that bad
It's only love that's been changed
But I never thought you'd light the match
I need you every time that I'm alone
I feel you please don't go

And I know you lied to hurt me
Say that I'm not worthy
I pop another pill and
I take another hit
So let's do it again

And I know you lied to hurt me
Say that I'm not worthy
I pop another pill and
I take another hit
So let's do it again

And now we go our separate ways

In a story that seems so sad
Am I distant memory
Like a stranger you never even met
I need you every time that I'm alone
I feel you please don't go

And I know you lied to hurt me
Say that I'm not worthy
I pop another pill
and I take another hit
So let's do it again

And i know you lied to hurt me
say that im not worthy
i pop another pill and
take another hit
so lets do it again

And I know you lied to hurt me
Say that I'm not worthy
I pop another pill and I take another hit

So let's do it again

And I know you lied to hurt me
Say that I'm not worthy
I pop another pill and I take another hit
So let's do it again

I know you lied to hurt me
I know you lied to hurt me
I pop another pill
I take another hit
So let's do it again
