It's A New Day (Its A New Day),
It's A New Generation (Yes It A new Generation),
It's A New Day (Its A New Day),
Now We're Never look Back,
No We're never looking back,

Don't You Ever Tell Us No,
Don't You Tell Us Where To Go,
Come Now Tell Us Who To Be,
They Will Pay More,
It's our legacy,

Every Time I Feel The Past,
It's Always There But It Can Last,
Came Today To Find our Place In Time,
Every Day I Watch The Sun,
Rise And Fall On Everyone,
But Today I Wake To Make Tomorrow Mine,

It's A New Day (Its A New Day),
It's A New Generation (Yes It A new Generation),
It's A New Day (Its A New Day),
Now We're Never look Back,
No We're never looking back,

Don't You Ever Tell Us No,
Come Now Tell Us Who To Be,
It's our legacy
