I'm feeling disillusioned  
And I can't stop thinking about you now  
Your sex is so diluted  
And your love will put me in the ground  
Until you take it away  
Turn all this love into hate  
And then you leave me here dying

You're heartless stop this  
Give me just a little bit  
I could be your star  
Let me take a hit of it  
Give me just a little bit  
I could be your lie today

This power's an illusion  
You can't stop thinking 'bout me now  
I let you think I'm losing this time  
I got you figured out  
It's an addiction to you  
But it's a habit I choose  
I even like when you're lying

You're heartless stop this  
Give me just a little bit  
I could be your star

Let me take a hit of it  
Give me just a little bit  
I could be your lie today

I'm feeling disillusioned

You're heartless stop this  
Give me just a little bit  
I could be your star  
Let me take a hit of it  
Give me just a little bit  
I could be your lie today

Just a little bit  
Just a little bit

I could be your star  
Just take a hit of it  
Just a little bit  
Just a little bit  
Just a little bit  
Just a little bit  
I could be your lie today  
Just take a hit of it  
Just a little bit

You're heartless stop this  
Give me just a little bit  
I could be your star  
Let me take a hit of it  
Give me just a little bit
