I'm all alone, you're far away  
Never learned from my mistakes  
I should have known just what to say  
To make you want to stay  
You were always the one givin'  
I was always there to take it  
Take your heart and break it  
Ohhhh

And I'll never make it without you  
I need a second chance  
'Cause I want to make it about you  
I'll make it my last stand  
It took a moment to say  
It wasn't you it was me  
I couldn't let you in  
Now I'm ashamed I pushed you away from me  
Now I'm afraid it's too late to save again

Miss you the most when I sleep  
(When I sleep)  
Turn the nightmares into dreams  
Can't lose hope  
It's killing me  
(Killing me)  
I'm the one who made you leave  
But if I just take a chance now  
Open up and finally reach out  
(Reach out)  
Can I save it all somehow  
Ohhhhh

And I'll never make it without you  
I need a second chance  
'Cause I wanna make it about you  
I'll make it my last stand  
It took a moment to say  
It wasn't you it was me  
I couldn't let you in  
Now I'm ashamed I pushed you away from me  
Now I'm afraid it's too late to save again  
Ohhhhh

I'm all alone, you're far away  
I finally found the words to say  
Ohhhh  
And I'll never make it without you  
(Sorry for the way I shut you out)  
I need a second chance  
'Cause I wanna make it about you  
(Sorry for the way)  
I'll make it my last stand  
It took a moment to say  
It wasn't you it was me  
I couldn't let you in  
Now I'm ashamed I pushed you away from me  
Ohhhhh  
(I couldn't let you in)  
Now I'm afraid it's too late to save again  
Ohhhhh  
Won't be afraid won't push you away
