Paralyzed and you don't know why  
Feeling like somebody's fool  
Try to find some peace of mind  
Maybe you're hiding the truth

Thought it'd be better in a world so cold  
But I want to tell you what I've been told

Life ain't that bad  
Look what you had, yeah, yeah  
When the highs aren't so high  
Just do what you can, yeah, yeah

A world you can change  
Into life you choose  
'Cause somewhere out there  
Somebody wishes they were you

In your eyes I see the fight  
Someone with nothing to lose  
Changing knows not set in stone  
'Cause I see the light left in you

Thought it'd be better in a world so cold  
But I want to tell you what I've been told

Life ain't that bad  
Look what you had, yeah, yeah  
When the highs aren't so high  
Just do what you can, yeah, yeah

A world you can change  
Into life you choose  
'Cause somewhere out there  
Somebody wishes they were you

Live for it, go for it  
I know that you want it, life is good  
Run for it, drive for it  
Live for it, die for it, yeah  
It's the only shot you have

Life ain't that bad  
Look what you had, yeah, yeah  
When the highs aren't so high  
Just do what you can, yeah, yeah

A world you can change  
Into life you choose  
'Cause somewhere out there  
Somebody wishes they were you

'Cause somewhere out there  
Somebody wishes they were you  
'Cause somewhere out there  
Somebody wishes they were you
