I would stay up all night  
Just thinking of you  
All the funny things you say,  
The silly things you do  
Like when you're mad at me  
And you hang up the phone  
When I tell you no-one's here  
And I'm all alone

Tell me what will it take  
To prove my love to you?  
I would find the man who  
Walked a thousand miles  
And I'd walk in his shoes  
I would keep stepping on  
Keep pressing on  
Keep moving on  
'Til I show you

Oh baby that it's

*[Chorus:]*

Alright with our love  
I'll be that one thing in your life  
Always right there by your side  
Alright with our love  
I'll be right there to the end  
Be your lover and your friend  
Said I don't wanna cheat  
And I promise I will never lie  
One thing I know deep  
In my heart is  
I won't ever make you cry  
Said I'm trying to make  
You understand  
I only wanna treat you right

If my love was like the rain lady  
I would rain on you through  
The night

Tell me what will it take

To prove my love to you?  
I would find the man who  
Walked a thousand miles  
And I'd walk in his shoes  
I would keep stepping on  
Keep pressing on  
Keep moving on  
'Til I show you

Oh baby that it's

Alright with our love  
You don't ever have to worry baby  
You will always be  
That special lady  
(In my life - yeah)  
It's alright with our love  
I'll be right there till the end  
Be your lover and your friend

*[Chorus]*

My life has changed  
Oh, Since I found you babe  
No need to stray  
Since I found you girl  
I love one way  
Since I found you  
My life has changed  
Oh, My life has changed  
Since I found you baby  
No need to stray  
Oh, Since I found you girl  
I love one way
