You call me up in tears again
I come over, your only friend
Put my arms around you to stop this lonely night
You ask me to stay, I don't think it's right

When you tell me you're in love with him
Don't you know that really caves me in?
And I'm not that strong

Someone should tell you
How much I love you
'Coz I really do
Wish I could hold you
The way that I want to
'Coz no one can love you like I do

You're everything that I ever dreamed
You're the only one, the only one for me
So we talk all night but in my head
Three little words that I never said

You say, I don't know what you'd do without me
Don't you know that this is killing me?
And I'm not that strong

Someone should tell you
How much I love you
'Coz I really do
Wish I could hold you
The way that I want to
'Coz no one can love you like I do

When you tell me you're in love with him
Don't you know that really caves me in?
And I'm not that strong
No, still I'm not that strong

Someone should tell you
How much I love you
'Coz I really do, I really do

Wish I could hold you

The way that I want to
(The way that I want to hold you)
'Coz no one can love you
(Nobody baby, [Incomprehensible])

Someone should tell you
How much I love you?
(I just wanna love you, baby)
'Coz I really do
(Just wanna hold you)

Wish I could hold you
The way that I want to
'Coz no one can love you like I do
No one could ever love you like I do
