Oh oh, baby

I know that sometimes it seems  
It's only studios and parties  
But baby I appreciate  
The way you stand by me

And I know sometimes you hear  
Strange stories  
But please remember girl  
You've got a 100 percent of me

I just wanna say  
Thank you for coming my way  
You've been such a blessing to me  
I just can't believe

Put you through a lot  
You've given me all you got  
There through thick and thin  
Baby, all I need is your

Sweet love  
Been around the world but girl I need your  
Sweet love  
I've seen a thousand girls but all I want is your  
Sweet love  
I know I won't survive without your  
Sweet love, sweet love, sweet love

I know that sometimes you feel  
My work comes before you  
But this is for both of us, baby  
I'd never ignore you

And I know sometimes you say  
You are so lonely  
I promise it won't be long  
Before you can hold me

I just wanna say  
Thank you for coming my way

You've been such a blessing to me  
I just can't believe

I've put you through a lot  
You've given me all you got  
There through thick and thin  
Baby, all I need is your

Sweet love  
Said, I've been around the world but girl I need your  
Sweet love  
And I've seen a thousand girls but all I want is your  
Sweet love  
I know I won't survive without your  
Sweet love, sweet love, sweet love

Sweet love  
Said, I've been around the world but girl I need your  
Sweet love  
And I've seen a thousand girls but all I want is your  
Sweet love  
I know I won't survive without your  
Sweet love, sweet love, sweet love

I'm so thankful for your love  
I will never get enough  
Baby, all I need is your

Sweet love  
Said, I've been around the world but girl I need your  
Sweet love  
And I've seen a thousand girls but all I want is your  
Sweet love  
And I know I won't survive without your  
Sweet love, sweet love, sweet love

Sweet love  
Said, I've been around the world but girl I need your  
Sweet love  
And I've seen a thousand girls but all I want is your  
Sweet love  
And I know I won't survive without your  
Sweet love, sweet love, sweet love

Sweet love, I love you, I love you  
Sweet love, you're all I need, you're all I need
