Last night I tried but I couldn't sleep  
Thoughts of you were in my head  
I was lonely and I needed you next to me  
Life is harder since you left  
I never meant to do you wrong  
And now all is said and done  
I hope you won't be gone too long... no

Where do I go  
What do I do  
I can't deny I still feel something  
And girl I wish  
You could say you feel the same... yeah  
You've broken the bond  
I gotta move on  
But how do I end this lonely feeling  
You've gone  
I'm here  
Alone  
I guess it's time to grow

Ce qui arrive notre histoire restera inachevÃ©e  
Like you never knew I was there  
Tu te bats non seulement je prÃ©fÃ©re m'en aller  
Can we make love re-appear  
Tes larmes ne vont plus rien changer  
And now all is said and done  
Il faudra nous reconstruire et apprendre Ã  aimer  
No

Where do I go  
J'ai plus de mots

What do I do  
J'ai plus le goÃ»t  
I can't deny I still feel something  
De rester jusqu'au bout  
And girl I wish  
Et je sais que tu le sais  
You feel the same  
You've broken the bond  
Si je tais

I gotta move on  
Si je sais  
But how do I end this lonely feeling  
You've gone  
Je pars  
I'm here  
Ailleurs  
Alone  
I guess it's time to grow

Crying time is over  
Gardons de nous le meilleur  
Feelings if she won't return then I guess I'll be a man  
and move on  
Time to grow  
(And move on)  
(Make life better than it was before)  
I think I can make it  
(And move on)  
I'll move on  
(Make life better than I did before)  
Ne me retiens pas je tais  
Time to grow  
Je t'aime bien plus que tu crois  
Though you've gone  
Je pars  
Alone  
I guess it's time to grow
