All I really want is to pierce this stupefy
Whole let an ass in no hide sympathy
Press like shes fucking now I gotta take a fool
Now shes fucking me while she dancing and thats
exactly what I want
Thats exactly what I want, thats exactly what I want
Shes be dancing like shes fucking and thats exactly
what I want
Thats exactly what I want, thats exactly what I want
That shes fucking me like shes dancing and thats
exactly what I want
My money long her jeans short though she no worth Im
here for
Im a stripped her down like shes checking in that
airport
She likes to give me rejects, shes like an actress
The press tei go mushrooms, look like an address
Shes simply bitch, she blows blix, I slept her ass like
youll see
She worked with us, she used to feel in the halt of time,
tool it she
Hold on that ground wait a minute, let me put my face
a bit
I dont give that in a purse, if you want come and claim
it
All I really want is to pierce this stupefy
Whole let an ass in no hide sympathy
Press like shes fucking now I gotta take a fool
Now shes fucking me while she dancing and thats
exactly what I want
Thats exactly what I want, thats exactly what I want
Shes be dancing like shes fucking and thats exactly
what I want
Thats exactly what I want, thats exactly what I want
That shes fucking me like shes dancing and thats

Good pig its your good big, real good pig its your good

Its doubles square, her eyes around
Its qual world in a traquillien , give ahead to the glass
pound
That glass pound, that good wave, wish you to seem
like a good night
Problems seem to be to the sea fly, now whats
happening if I look like
My money gramm, my weird black, my bitch on, my life
free
To shout them that great books now killipus is there
Hold on that ground wait a minute, let me put my face
a bit
I dont give that in a purse, if you want come and claim
it
All I really want is to pierce this stupefy
Whole let an ass in no hide sympathy
Press like shes fucking now I gotta take a fool
Now shes fucking me while she dancing and thats
exactly what I want
Thats exactly what I want, thats exactly what I want
Shes be dancing like shes fucking and thats exactly
what I want
Thats exactly what I want, thats exactly what I want
That shes fucking me like shes dancing and thats
exactly what I want
(Ah ah ah ah)
Here it was an once time, if here there was twice time
You dont let fall in love pussy where I go from
Heay, giving me on that profily love, , giving me on that
profily love
Giving me on that profily love, giving me on that profily
girl
Giving me on that profily now
All I really want is to pierce this stupefy
Whole let an ass in no hide sympathy
Press like shes fucking now I gotta take a fool
Now shes fucking me while she dancing and thats
exactly what I want
Thats exactly what I want, thats exactly what I want
Shes be dancing like shes fucking and thats exactly
what I want
Thats exactly what I want, thats exactly what I want
That shes fucking me like shes dancing and thats
exactly what I want
(Hold on)

Good pig its your good big, real good pig its your good
