Whoa, whoa, uh, whoa, whoa, oho
Whoa, whoa, uh, whoa, whoa, oho

From the front to the back, the club is back to 68
It's got them heels on, it came to shut it down

So many chicks, I'm tryina figure out which one I wanna
feel on
Maybe possibly it could be, you, you
Baby turn on the light
It could be you, you, for the rest of the night
I don't see nothing before we ...
Dance it like we love it, follow my instructions

Now I say ladies grab your man, get that drink up about
the sand
If you ain't got a woman, player it ain't nothing to it
Slow it down, don't move it fast, don't you go off track
We gonn shut it down, let's do it, oh let's do it

Let's shut this motherfucker down, shut this
motherfucker down
Shut this motherfucker down
Let's do it, let's do it
Shut it, shut it down, shut it, shut it down
Uh let's get into it, to it, to it
Put her up against the wall, tell her that you see it all
Shut this motherfucker down, motherfucker down
Motherfucker down, motherfucker down

Uh, creeping you wishing, got your hands up in the air
Spinnin like we working out
Girl you be moving like you rebring me to it
Thinking later on I'ma pay that ass a visit
It could be you, you, I'm taking home tonight
It could be you, you, and we gonn turn off the lights
It won't be nothing ...
Both our bodies pumping, follow my instruction

Now I say ladies grab your man, get that drink up about
the sand

If you ain't got a woman, player it ain't nothing to it
Slow it down, don't move it fast, don't you go off track
We gonn shut it down, let's do it, oh let's do it

Let's shut this motherfucker down, shut this
motherfucker down
Shut this motherfucker down
Let's do it, let's do it
Shut it, shut it down, shut it, shut it down
Uh let's get into it, to it, to it
Put her up against the wall, tell her that you see it all
Shut this motherfucker down, motherfucker down
Motherfucker down, motherfucker down.
