--- (Part 1) ---

Travel back in time with me...  
Two hundred million B.C.

What's your name, and what do you play?  
My name's Neil and I don't play anything.

What fun should we have today?  
Shook my Magic 8-Ball, and it said:

Let's rock out in a Dinosaurchestra!  
Let's all shout in a Dinosaurchestra!  
Let's have fun in a Dinosaurchestra!  
Let's eat children in a Dinosaurchestra!

--- (Part 2) ---

La la la la la la la

doo doo doo doo doo doo doo doo doo doo doo

Brontosaur rocking out hardcore  
Triceratops pissing off the cops  
Iguanodon with a mohawk on  
Hip hoorah for the Dinosaurchestra

La la la la la la la

doo doo doo doo doo doo doo doo doo doo doo

We can't return to present (uh oh uh oh uh oh)  
This may be less than pleasant (uh oh uh oh uh oh)  
What's the rock way up in the sky?

That's our friend, super-duper meteor  
Does this mean we're all going to die?  
Shook my magic eight ball and it said:

As a powerful and complex computer of near-  
omniscience, I can report with total confidence, after a  
careful point three seconds calculating a whole world  
of probability and statistics, that yes, we are all going  
to die.

We'll all be blown up real soon (uh oh uh oh uh oh)  
But not before we're in tune (uh oh uh oh uh oh)  
Won't you be a good dinosaur?  
We must be before we're not  
Treat these creatures to an encore  
One last time is all we've got.

So let's rock out in a Dinosaurchestra  
And let's all shout in a Dinosaurchestra  
Let's have fun in a Dinosaurchestra  
One last time before we have to die

(before we have to die)

(before we have to die)

Dinosaurchestra Dinosaurchestra Dinosaurchestra (in  
this super colossal explosion and all become fossils for  
people to dig up someday)
