

Lemon Demon "Rainwater"

Visit "[Rainwater](#)" on MotoLyrics.com

Is it safe to drink the rainwater?
Hold your mouth below a drain on a rainy day.
It looks like plain water.
Is it safe to drink the rainwater?

And if collected in a jug,
boiled, and poured into a mug,
will it be okay for me
to use it to make my morning tea?

You know, I don't see any germs.
This neither denies or confirms
my prevailing suspicion

of its composition.

Is it safe to drink the rainwater?
Hold your mouth below a drain on a rainy day.
It looks like plain water.
Is it safe to drink the rainwater?
