I used to sit alone at night and worry, little
darlin' I used to
For I thought you meant the world to me
But now things have changed and those days are gone
forever
So I used to I'll never shed another tear

I used to I'll never shed another tear, I don't
care what happens
You have proved your love untrue to me
There's nothing you can do that will ever
change my feelings
So I used to I'll never shed another tear

With a broken heart I used to I'll never forget those vows
we made together
Many days you told me not to fear
But now you've forgotten and you've
left me here forever
So I used to I'll never shed another tear

I used to I'll never shed another tear, I don't
care what happens
You have proved your love untrue to me
There's nothing you can do that will ever
change my feelings
So I used to I'll never shed another tear

Now you should have told me, dear, that you were only
foolin' I used to
Then I used to I'd never learned to love you so
Then I wouldn't have all these heartaches, my
darlin' I used to
Dreading the day I'd see you go

I used to I'll never shed another tear, I don't
care what happens
You have proved your love untrue to me
There's nothing you can do that will ever
change my feelings
So I used to I'll never shed another tear
