Gotta own up on my own somehow
Toss the beginning and try to live it down
An' work my way out I been so down about it

It gets the same every time I shy
Away from the blame and I stand my time
You can understand why I been so down about it

She's gonna give me all the time I need to finish it
And if I can't I'll sleep over

And out like a light when it's not plugged in
Fading around if it starts again
You just don't get it when I get so down about it

I drop you a hint so I hope you don't catch
You fumble your keys and I throw the latch
You'll still worried that I been so down about it

She's gonna give me all the time I need to finish it
And if I can't I'll sleep over

Out of it so I'd hope she'd be there
Talk to her as I climb the stairs, I told her

Gotta own up on my own somehow
Gotta own up on my own somehow
Gotta own up on my own somehow
(Don't you know I been so down about it)

Gotta own up on my own somehow
Gotta own up on my own somehow
Gotta own up on my own somehow
(I get so down about it)

Gotta own up on my own somehow
Gotta own up on my own somehow
Gotta own up on my own somehow
(So down about it)

Gotta own up on my own somehow
Gotta own up on my own somehow

Gotta own up on my own somehow
(So down about it)
