You left off where I got on.  
Now temptation's weak and my pa-tience is strong.  
Used to be i was unkind.  
Now I don't call and you don't mind.

Thought it was wrong, wrong what she said.  
Now you're right and I'm left for dead.  
Thought it was dumb, dumb what I heard.  
Now I'm eatin' every word.

Clang, bang, clang went the good guy at the door.  
They put me in a cell with a concrete floor.  
Wrapped a phone cord 'round my fist.

They abort my wrist and I cut where I kissed.

Thought it was wrong, wrong what she said.  
Now you're right and I'm left for dead.  
Thought it was dumb, dumb what I heard.  
Now I'm eatin' every word.

Clang, bang, clang.  
Clang, bang, clang.  
Bang, clang (say say say say)
