It's the way in which we're alike  
I feel we've traveled before  
Through worlds apart  
Finally together with a part of me

Take me with you to set me free  
Without knowing  
You show me the flaws in reasoning

Look at me  
I try not to cry  
You know, you know  
Look at me  
I try not to cry  
You know what I'm trying to say

If you need a little help  
To be who you are  
The watermark in your soul  
Unfolds your life in me  
If you need a little help  
To be who you are  
Cross the shoreline of my world  
I'll unfold my love in you  
I give, for you, I give, All of me

Your childlike maturity  
Gives me room to breathe  
Your confidence strengthens my dreams

I see the timeless in you  
And try not to cry

We're so close  
Begin to see myself in you  
It has a queerness in its comfort  
Like the love for the unknown

Look at me  
I try not to cry  
You know, you know  
Look at me

I try not to cry  
You know what I'm trying to say

If you need a little help  
To be who you are  
The watermark in your soul  
Unfolds your life in me  
If you need a little help  
To be who you are  
Cross the shoreline of my world  
I'll unfold my love in you  
I give, for you, I give, All of me

Look at me  
I try not to cry  
You know, you know  
Look at me  
I try not to cry  
You know what I'm trying to say
