"Length Away"

Visit "[Length Away](#)" on MotoLyrics.com

I'm miserable with you,

I'm more miserable without you.

I'll stay it's length away [x3].

I miss you. [x2]

You know that I miss you.

I spend more time missing you,

Than kissing you!

'Cuz I'll stay, it's length from you.

Stay it's length away [x3].

I miss you. [x2]

You know that I miss you.

I'll stay it's length away [x3]

From you!

I'll stay it's length away [x3]

From you!
