You used to take me out  
Just for strolling in the park

You used to be around  
When I was feeling down

You used to get my right  
Kept me safe all through the night

But let me tell you the truth  
This is not what I want from you

I tell you  
I don't miss you sweet sweet smile  
Because I can do without it for a while  
But all you could do me for a little time

Oh, I don't want no kitty cat  
Or the roses you left on my bed  
Belive there's no need for this  
Cause I just want you kiss

You used to keep me up  
When I was running out of luck  
You used to cool me down  
With you smoot and gentle sound  
You used do make me laugh  
Cured the sorrows from the past

I tell you  
I don't miss you sweet sweet smile  
Because I can do without it for a while  
But all you could do me for a little time

Oh, I don't want no kitty cat...

You could never get for one night  
If you want do do me right  
Better listen to me now

If you want to stay close by my side

You can join me on the flight  
And I'm gonna tell you how

I tell you...

Oh, I don't want no kitty cat...
