You give me straight like yard
Tired of all the talk they're talkin' all over this town
I'm tired of all the negativity that's going 'round
We focus all our energy on things that bring us down
Let's put our voices all together and make a joyful
sound
Do just what you wanna do
Oh let the sun come shining through
Everybody
Live live
Everybody live
Everybody live
You got to do it ...
Life is the most precious gift I thank the Lord for mine
I hope you feel the same my friend I hope you're
feeling fine
The choice is yours your destiny is waiting on the line
You better get busy with living or you're busy dying
Do just what you wanna do
Oh let the sun come shining through
Everybody
Live, yeah yeah yeah yeah, live
Everybody live
Come on and sing ...
Live
You got to do it ...
Dance just to dance
Yeah yeah yeah yeah
Come on
Hey !
Do just what you wanna do
Oh let the sun come shining through
Everybody
Live, hmm, come on live
Yeah yeah yeah yeah
Everybody live
Sing with the ... yeah yeah yeah yeah
Live
Come on and do what you want now
Everybody live
Live come on yeah

Live
Everybody live
...
Come on
You got to do it
Live
