You came to me like a dream
How would I know it was a scheme
To get me to you

Your eyes burned like fire
Through my heart
Although we were life times apart

Making mistakes was my game
Your life I tried to rearrange
But now I know a better way

My precious love

Now you're a woman
You've got a child
And those days of being wild
Are gone with the past

But now baby you still ain't got no home
All those endless nights you've had to roam
But I know a better way

My precious love
