"To The Rhythm Of Love"

Visit "[To The Rhythm Of Love](#)" on MotoLyrics.com

Move to the rhythm of love
Move to the rhythm of love, love, love
Move to the rhythm of love
Move to the rhythm of love
Love, love, love

If you want you can reach,
You can reach for the sky
If you try, you can fly
Ain't no mountains too high
There's no reason to stop
Moving I could a lot
Keep on trusting your star

Gotta open your heart,
Gotta open your mind
If you want to be free
Leave your feet stop behind
Yo there's no reason to stop
Moving I could a lot
Keep on trusting your star

Move to the rhythm of, move to the rhythm of,
Move to the rhythm of love, love, love, love
Move to the rhythm of, move to the rhythm of,
Move to the rhythm of love, love, love, love
