I love you, baby  
Need you, darling, all right

Now that I found gold  
You know I'm gonna stake my claim  
It's not the kind of gold  
That gives a man fortune and fame

Before I met you, girl  
My life was so empty  
To others, I'm still poor  
But to me, I've got plenty  
And, baby, let me tell you, baby

(CHORUS)

I struck it rich when I found you, baby  
And I found you in the nick of time  
I struck it rich when I found you, honey  
And I'll be rich just as long as you're mine

Cause I love you, baby  
I need you, darling, all right

Girls like you are rare, it's true  
You can't find them no more  
But I was like a miner searching  
Hard to find it and got my reward

Many years ago, a wise man said  
Good things come to those  
Who go out and get it  
And, baby, I went out and got you

I struck it rich when I found you, baby  
Oh, I found you in the nick of time  
I struck it rich when I found your loving  
And I'll be rich just as long as you're mine

Cause I love you, baby  
I need you, honey, all right  
Sing it with me now

I struck it rich when I found you, baby  
Oh, I'm wealthy cause I'm healthy  
And you're so young

I struck it rich when I found you, baby  
Cause my name is on the tip of your tongue  
I struck it rich when I found you, baby  
You're my girl, don't you know  
We got it made in the shade now
