My heart has now bled, your lipstick sweet cherry red
Look at those bright blue eyes
No need to flip the switch, when I look at you I squint
D-d-damn you light up the room

I wanna take you home tonight, I'd take you home
forever
I'm staring at satellites
I wanna take you home tonight, I'd take you home
forever
I'm staring at satellites

She dresses like a pop star
I'm feeling so far away from reality
It ain't hard to understand, she can break any man
B-b-by the way that she moves

I wanna take you home tonight, I'd take you home
forever
I'm staring at satellites
I wanna take you home tonight, I'd take you home
forever
I'm staring at satellites

I've come undone
It's easier said than done, it's easier, it's so easier
I've come undone
It's easier said than done, it's easier, it's so easier

I wanna take you home tonight, I'd take you home
forever
I'm staring at satellites
I wanna take you home tonight, I'd take you home
forever
I'm staring at satellites

I wanna take you home tonight
I wanna take you home tonight

I wanna take you home tonight, I'd take you home
forever
I'm staring at satellites

I wanna take you home tonight, I'd take you home
forever
I'm staring at satellites

I wanna take you home tonight, I'd take you home
forever
I'm staring at satellites, staring at satellites, staring at
satellites
