You're in my head
Coz of the shit that you said
I thought that you're dead
And I believed that
Now I am red
And you're red too

This house is so packed
And there's so many facts
I want you to come back
But not like that
You're black
And I'm black too

Oh I won't be sorry
Please get off me buddy
No I won't be sorry
Let's have fun
Oh I won't be sorry
Please get off me buddy
So unnecessary
Let's have some fun

You're really cute
But not when you shoot
Hier ist wirklich viel Blut
Can't understand you
You're blue
And I'm blue too

I Turn the lights off
But that isn't enough
The door isn't locked
Just stop
You're hot
And I am hot too

Oh I won't be sorry
Please get off me buddy
So unnecessary
Let's have fun

Oh I won't be sorry
Please get off me buddy
So unnecessary
Let's have some fun

Oh oh oh oh (x4)
Da da duh (x2)

Oh I won't be sorry
Please get off me buddy
No I won't be sorry
Let's have fun

Oh I won't be...
No I can't be...
Please get off me, off me, baby

Oh I won't be sorry
Please get off me buddy
So unnecessary
Let's have fun
Oh I won't be sorry
Please get off me buddy
So unnecessary
Let's have some fun

Oh oh oh oh (x4)
Da da duh (x2)
Oh oh oh oh (x2)
Da da duh (x2)
Oh oh oh oh (x2)
Da da duh (x2)
