I run around wondering what to do.  
I can't even keep my eyes off of you.  
I just can't help myself I'm falling in love.  
Oh no, help me, what have I done?

If there's one thing I know it's how I feel.  
Everytime you're around I melt to the ground/  
I wanna be sure that this feeling's real.  
Get me through this, help me seal the deal.

(Bridge): I get so nervous when you look at me the way  
you do.  
But I feel so calm, when you touch me, and hold me  
how you do.  
I think we've got a thing.  
Maybe, hey we'll see.

(Chorus): What would it be like if we were together,  
together.  
And would we be that way forever, forever?  
Would I love you 'til the end of time?  
Would I, would I, would I.

I wanna know you so much more than I do.  
I wanna see things from your perspective.  
I need to know if your heart is really true.  
I need to know that you're willing to give.  
Oh, oh.

What has made me feel this way?  
When I talk, I wish there was something more I could  
say.  
Free me from this secret, so.  
I can go and.  
Have him. Have him.

Would I, even stand a chance with him?  
Would I...  
Take action before I.  
Give in. Give in.

Chorus.

I wanna know you so much more than I do.  
I wanna see things from your perspective, yeah.  
I need. I need. I need to know if your heart is really true.  
I need to know that you're willing, to give.

Chorus.

Something's happening, I'm falling deeper into love.  
I can't hold my head, above. Above.

If there's one thing I know it's how I feel.  
Everytime you're around I melt to the ground.  
I wanna be sure that this feeling's real. Oh yeah.  
Get me through this, help me seal the deal.
