Button, button

All you do is
Push de button
Up de elevator
Push de button
Out de orange juice

Push de button
From refrigerator
Come banana shortcake
And frozen goose

Push de button
Wipe de window wiper
Push de button
Rinse de baby diaper
Push de button

Wanna Friday fish
Push de button
Wash de dish
Push de button
Push de button

What an isle, what an isle
Where de Autumn, it feed every child
Where de brave and de free
Live and love electronically

Push de button
Don't be sour potato
Be a tycoon
Be manipulator
Push, apply de pretty little finger
And push de button

Button, button
Butt-button
Button, button

All you do is
Push de button
Up de helicopter
Push de button
Click de telephone

Push de button
From de television
Come to pepto bizmo
With baritone

Push de button
Out come Pagliacci
Push de button
Also Liberace
Push de button

Wanna rock 'n' roll
Push de button
Play de tone
Push de button
Push de button

What an isle, ho, what an isle
Squeeze de tube and get Pepsodent smile
Crack de bank, rob de mail
Turn de knob and get muzak in jail

Push de button
Don't be antiquated
Get de houses
All prefabricated
Push, apply de pretty little finger
And push de button

Button, button
Butt, button
Button, button

All you got to do is
Push
De button
