Oh, oh oh, oh oh, oh oh

Oh, oh oh, oh oh, oh oh

ASAP, boy you gotta call me  
Do it now, I'm about to lose my mind  
ASAP, god, I feel so lonely  
Why don't you call me? I am so alone

I've been waiting here now far too long  
Sitting in my bedroom right by the phone  
Doing all the dishes and I cleaned the house  
Why don't you call me, I am feeling down

ASAP, boy you gotta call me  
Do it now, I'm about to lose my mind  
ASAP, god, I feel so lonely  
Why don't you call me? I am so alone

And I've been waiting here now far too long  
Sitting on my bed and writing silly songs  
I'm kind of feeling angry 'cause I, I don't understand  
You hear me calling, don't you wanna pick up?

ASAP, boy you gotta call me  
Do it now, I'm about to lose my mind  
ASAP, god, I feel so lonely  
Why don't you call me? I am so alone

Boy, this feels like torture (feels like torture, boy)  
Boy, this feels like torture (feels like torture, boy)  
Boy, this feels like torture (feels like torture, boy)  
Boy, this is like torture (feels like torture, boy)

Freaking out, falling down, start crying now  
Take a pill and have a drink, but I need you, baby

ASAP, boy you gotta call me

Do it now, I'm about to lose my mind  
ASAP, god, I feel so lonely  
Why don't you call me? I am so alone

(ASAP, boy you gotta call me) 'Cause I need you, baby  
(Do it now, I'm about to lose my mind) Yes, I need you, baby  
ASAP, god, I feel so lonely  
Why don't you call me? I am so alone

ASAP, boy you gotta call me  
Do it now, I'm about to lose my mind  
ASAP, god, I feel so lonely  
Why don't you call me? I am so alone

Why don't you call me? I am so alone
