'Cause I'm free as a bee flying over the trees
And all the summertime boys
Are all looking at me
And the world keeps the basis to the sound of my heart
Going "hm hm hm"
And this is only the start
humming

Did you ever want something so bad
You could feel it to the end of your fingertips
They're reaching out for something to grab
Then someone smacks your hand
And it becomes so hard to see
The end of the line

But I'm free as a bee flying over the trees
And all the summertime boys are all looking at me
And the world keeps the basis to the sound of my heart
Going "hm hm hm"
And this is only the start
humming

I feel like a little kid again
No worries for me to understand
Falling in love each night and then
Waking up with the feeling and that I can't describe
I love this life
It just gets better

But I'm free as a bee and flying over the trees
And all the summertime boys are all looking at me
But the world keeps the basis to the sound of my heart
Going "hm hm hm"
And this is only the start
humming

Free as a bee flying over the trees
And all the summertime boys are all looking at me
And my world hears the basis to the sound of my heart
Going "hm hm hm"
And this is only the start

'Cause I'm free as a bee and flying over the trees
All the summertime boys are all looking at me
And the world keeps the basis to the sound of my heart
Going "hm hm hm"
And this is only the start
humming

'Cause I'm free as a bee flying over the trees
And all the summertime boys are all looking at me
And my world keeps the basis to the sound of my heart
Going "hm hm hm"
And this is only the start
humming
