Lights flash, people are screaming in my ear, oh oh  
Voices tell me to get out of here, oh oh

I don't wanna talk if I don't wanna talk  
I don't wanna talk about it  
How do you know what I need if I don't know what I need?  
Don't know what you need now

If we veer off the map it's gonna happen  
If the plane goes down it doesn't matter  
Oh oh oh, we'll never let it show  
So don't panic, love

Try doors, I'll find my own secret escape, oh oh  
Sirens tell me to get the fuck away, oh oh

I don't wanna hear if I don't wanna hear  
I don't wanna hear about it  
How do you know what I fear if I don't know what I fear?  
And I'm not afraid about it

If we veer off the map it's gonna happen  
If the plane goes down it doesn't matter  
Oh oh oh, we'll never let it show  
So don't panic

If the car comes off the road it doesn't matter  
If the world explodes it's gonna happen  
Oh oh oh, we'll never let it show  
So don't panic

If we veer off the map it's gonna happen  
If the plane goes down it doesn't matter  
Oh oh oh, we'll never let it show  
So don't panic

If the car comes off the road it doesn't matter

If the world explodes it's gonna happen  
Oh oh oh, we'll never let it show  
So don't panic, love
