"I Like You"

A thousand bits a million parts
Tiny pieces make your heart
I like you

I heard you whistle the song we danced to
You remember the smallest details
I like you

I like you
I like you

Our footprints rearranged the leaves
You pulled me tight and said "you see I like you"

You wrote your name on my sleeve
So I can keep you always with me
I like you

I like you
I like you

The creases in the corners of your mouth
when they curl into a smile

That forms around you like a giant
light and warms me from the inside

We will grow up but not just yet
Stay here longer so we don't forget

I like you
I like you
