He said, Hello, babe, so nice to meet you  
I think I've seen you before  
You look amazing! Is that dress new?  
Can I get you a drink? Should we hit the dance floor?

You've got that something  
I know you want more  
So let's go, we know, we know, we know

**Chorus**

As the sun goes down  
Neon is all we have  
And it's calling all the lonely people  
As the night goes on  
We're trying a different song  
So we won't be one of the lonely people  
  
This is crazy, I wish I wore my new dress  
And now you ask how I am  
Well, I've had better days

Good with a drink, come on, let's dance  
Not in the mood now  
But he is really cute, though  
So let's go, we know, we know, we know

**Chorus**

We know this place, we know the details  
We know the colors, we know what's coming next  
No surprises, because we've been there  
Because we've done this, we've got the shirt  
So let's go, we know, we know, we know

**Chorus**

So we won't be one of the lonely people

Yes, so we won't be one of the lonely people
