Don't even doubt I'd pull the trigger of love  
Not even you can fool the trigger of love  
(Trigger of love, trigger of love)  
I will shoot if I have to  
(Trigger of love, trigger of love)  
Though I'd cry in my heart  
I'd play my last card  
Baby don't let it end this way  
Oa oa oa oaa, Are you in or are you out  
Oa oa oa oaa, It's your chance to make it right  
Every little heartbeat that we shared  
Tell me you never cared  
If you could understand - the fortune of love  
If you could be my man - a fortune of love  
(fortune of love, fortune of love)  
We could have it forever  
(fortune of love, fortune of love)  
If you're true to yourself  
You know what to say  
Baby, don't let it end this way  
Oa oa oa oaa, Are you in or are you out  
Oa oa oa oaa, It's your chance to make it right  
Every little heartbeat that we shared  
Tell me you never cared  
I don't know, how it happend  
Where we fell in love  
I didn't know your secret places  
When we fell in love  
I'm the same as I was before  
Are you?  
Oa oa oa oaa, Are you in or are you out  
Oa oa oa oaa, It's your chance to make it right  
Every little heartbeat that we shared  
Tell me you never cared
