Nobody but me, could know the way I feel

I'm standing on the rooftop  
And I'm crying out your name  
I'm looking for an answer  
And for somebody to blame  
'Cause even though it's over  
You linger on my mind, oh

Hurts, oh it hurts, really hurts  
In the middle of the night  
In the light of the day  
You know that it hurts  
Oh it hurts, really hurts  
And I wish I could be stronger  
No longer afraid  
Nobody but me, could know the way I feel  
How it hurts, oh it hurts

I'm trying to forget love  
The pain I feel inside  
I'm clinging to my pillow  
And the tears I cannot hide  
I wish it could be over  
So I can start a new, oh

Hurts, oh it hurts, really hurts  
In the middle of the night  
In the light of the day  
You know that it hurts  
Oh it hurts, really hurts  
And I wish I could be stronger  
No longer afraid  
Nobody but me, could know the way I feel  
Oh it hurts, oh

Not easy to remember  
And even harder to forget  
Whenever I surrender (whenever I surrender)  
Oh, you're always on my mind...

(Hurts, oh it hurts, really hurts)

In the middle of the night  
In the light of the day  
You know that it hurts  
Oh it hurts, really hurts  
And I wish I could be stronger  
No longer afraid  
Nobody but me, could know the way I feel  
Oh it hurts, ooh it hurts  
I wish I could be stronger  
Oh, but it hurts"
