It's hot in here
Take off your fears
I am gonna take the lead boy
Follow me

A mood sets in
Grooves locked in
I don't want to be tame
Now come with me

Straight up, street level
I'm no role model
You don't have to take me home
We can do it right here

CHORUS:
I'll bring the toys so come on
Why don't you take me head on
Play with me
Let's talk positions
Let's turn the lights on
So you can play with me

Are you scared, hold my stare
It's not against the law boy
Be tempted
Hang with me
Let it be
I'll take you on a trip
You never had

Straight up street level
I'm no role model
You don't have to take me home
We can do it right here

(CHORUS)

I admire your resistance
Let me try again
Change your mind, don't be shy

Boy, let me try again
Try me out, take a test drive
Let me try again....

(CHROUS)
