Please
Please don't leave her crying
I cannot help her now
It's only you who can

Please
Things don't get better this way
I cannot make it good
Come back here and stay

Till you make her understand
The reason for her tears

You've had enough, from now it's time
To make a change
No matter what the ending is
Cannot stay like this
Anymore

Please
Please don't leave her wandering
I cannot help her now
It's only you, who knows

Please
She doesn't want to disappoint you
Wants to do it right
She's trying somehow

You've had enough, from now it's time
To make a change
No matter what the ending is
Cannot stay like this
Anymore

You've had enough, from now it's time
To make a change
No matter what the ending is
Cannot stay like this

You've had enough from now it's time

To make a change
No matter what the ending is
Cannot stay like this
Anymore
