I knew you'd come back  
That's why I've been waiting for you  
I knew you were wrong  
That's why I didn't listen to you

When you said you'd be gone  
So sick of it all  
Just not the place where you belong you thought

Welcome I I'm here for you  
What you need I'll give to you  
Welcome I I'll guide you  
Everywhere you want me to

I knew that you worried  
About all the changes you'd do  
But it's all good  
You're right in all the things you do

In all the choices you make  
Don't be afraid  
It all works out in the end

Welcome I I'm here for you  
What you need I'll give to you  
Welcome I I'll guide you  
Everywhere you want me to

And now you are pleased  
I can see it in your face  
And now it's all good  
It's all good

Welcome I I'm here for you  
What you need I'll give to you  
Welcome I I'll guide you  
Everywhere you want me to

Welcome I I'm here for you  
What you need I'll give to you  
Welcome I I'll guide you

Everywhere you want me to
