I entered the room, sat by your bed  
All through the night I watched your daily fight  
I hardly knew the pain was almost more than I could  
bear  
And still I hear your last words to me

Heaven is a place nearby  
So I won't be so far away  
And if you try and look for me  
Maybe you'll find me someday

Heaven is a place nearby  
So there's no need to say goodbye  
I wanna ask you not to cry  
I'll always be by your side

You just faded away  
You spread your wings, you had flown  
Away to something unknown

Wish I could bring you back  
You're always on my mind  
About to tear myself apart  
You have your special place in my heart, always

Heaven is a place nearby  
So I won't be so far away  
And if you try and look for me  
Maybe you'll find me someday

Heaven is a place nearby  
So there's no need to say goodbye  
I wanna ask you not to cry  
I'll always be by your side

And even when I go to sleep  
I still can hear your voice  
And those words  
I never will forget

Heaven is a place nearby  
So I won't be so far away

And if you try and look for me  
Maybe you'll find me someday

Heaven is a place nearby  
So there's no need to say goodbye  
I wanna ask you not to cry  
I'll always be by your side
