Propogated to be the new world power
Wartoyo speak out your voice in a deadly manner
Propogated to be the new world power
Epitome of madness, the illusion of the free
Imposing rules to apprehend control
Defecating facts one dollar at a time
The biggest farce now turns to crime
Media corrupted, joining the plot
Imposing the so-called free
Is anyone free to breathe?
Imposing rules for global control
Pretending to defend the truth when cash is involved
Media corrupted
