I'm here, sitting in a bed  
In a place where I don't feel at home  
Where are you? I sure don't know why

You haven't called me, you promised you would  
The phone must be broken, it has to be broken  
I'm sure there's a reason, say there's a reason

I fight against the hours, I cannot go to sleep  
I know that if I lay down now, inside I know I'll weep  
Guess I'm holding on to treasures, to things that just  
aren't there  
To people that I used to know, to words I wish to hear

I'm here, thinking only of you  
Wish to know, if I need to go  
And I try, I swear to you that I try

But you haven't called me, you promised you would  
The phone must be broken, it has to be broken  
I'm sure there's a reason, say there's a reason

I fight against the hours, I cannot go to sleep  
I know that if I lay down now, inside I know I'll weep  
Guess I'm holding on to treasures, to things that just  
aren't there  
To people that I used to know, to words I wish to hear

Thinking about you, wondering about you  
Do I really know you, have I ever known you?

I fight against the hours, I cannot go to sleep  
I know that if I lay down now, inside I know I'll weep  
Guess I'm holding on to treasures, to things that just  
aren't there  
To people that I used to know, to words I wish to hear

I fight against the hours, I cannot go to sleep  
I know that if I lay down now, inside I know I'll weep  
Guess I'm holding on to treasures, to things that just  
aren't there  
To people that I used to know, to words I wish to hear
