What have I done?  
What if it's too late now?  
Did I do all I could, did I?  
Did I make it good, did I?

Somehow it doesn't feel right  
Is it really all over?  
Did I think it through, did I?  
What if all I want is you?

And now  
I won't see you again  
The moment was there but we lost it  
Time changed it all  
And we let it  
We let it happen

And now  
I wonder how it would be  
If things stayed the same and we liked it  
The end of a search 'cos we found it  
How would it be?  
How would it be?  
How would it be?  
How would it be?

What have we done?  
What if it's too late now?  
Was it always like this, was it?  
Was it something we missed, was it?

Somehow it doesn't feel right  
Is it really all over?  
Was it all it could be, was it?  
Did I give you the best of me?

And now  
I won't see you again  
The moment was there but we lost it  
Time changed it all  
And we let it  
We let it happen

And now  
I wonder how it would be  
If things stayed the same and we liked it  
The end of a search 'cos we found it  
How would it be?  
How would it be?  
How would it be?  
How would it be?

And now  
I won't see you again  
The moment was there but we lost it  
Time changed it all  
And we let it  
We let it happen

And now  
I wonder how it would be  
If things stayed the same and we liked it  
The end of a search 'cos we found it

How would it be?  
How would it be?  
How would it be?  
How would it be?
