[lyrics : Isaac]

Well, will you look at those nerds, try to be as cool as possible  
So busy with their image, don't you see you're ridiculous?

More schmink, less brains, more image, less soul  
More show, less thoughts, more money, less music  
At night in their rooms they pray to the Lord:  
"Satan fuck me now!"

Yeah, you're very evil, but don't you look a little gay?  
The wave of make-up and idiots, it's getting worse and worse  
New metal, black metal put on corpse paint  
The mosh of the clowns
