Ooh baby, get your hood all shining
We're gonna ride all night long
I love your greasy leather beneath my big fat bung
Pedal to the metal, here we go...
I want trucks, motels, whores, mullets, barfights, horny
sluts
I want skulls cracking, whacking, slapping and titty
grabbing
What can I do, I'm a fat ass bastard
Brawling is my job... all night long...
Ooh baby, get your hood all shining
We're gonna ride all night long
I love your greasy leather beneath my big fat bung
Pedal to the metal, here we go...
