Please, come and find me, my love
I'm ready now, to come home
Please, come and find me, my love
Let's leave this place, let's leave no trace

Can you hear me, my love, I'm shouting in the wind,
Can you hear me
Can you see me, my love, I'm drawing in the sand,
Can you see me
I hope that I'm still with you, as you are with me
You always will be

Please, come and find me, my love
I'm ready now, to come home
Please, come and find me, my love
Let's leave this place, let's leave no trace

Can you feel me, my love, I'm hurting so bad
Can you feel it

Can tell you about my thoughts, I wish that
You were here
Do you know it
The time that I've had, don't need anymore
You're the one I wait for

Please, come and find me, my love
I'm ready now, to come home
Please, come and find me, my love
Let's leave this place, let's leave no trace

Please, come and find me, my love
I'm ready now, to come home
Please, come and find me, my love
Let's leave this place, let's leave no trace
