Rich kids, bigheaded nerds!  
Think they are hardcore, they're just a boysband  
only have some success 'coz they're hardline straight  
edge

Irritating snobbish fuckers  
big mouthed backstabbers  
they're straight edge so they're better than us  
beware of them!

Here they come right now  
they're the crucial kids  
I ask what is the deal  
'coz they just make me laugh

Try to be tough on stage but this is really bad acting  
also in real life they are just a pose

How can you be so arrogant  
to call yourself crucial  
for the survival of the scene  
like you invented it?

Too selfish to lend your stuff  
you are ruining the scene,  
no unity with people who say  
that they are better than me!
