We take the hand of ignorance in vain
We see atrocities but we don't complain
Self-complacency
Supremacy or negativity?
Do you believe everything you see?
Fighting the atrocities of greed
Do you believe everything you hear?
The echo's of the casualties
Miry deceptions of the gazing intellect
Miry deceptions - what intellect?
Force-fed along the good Samaritans hand
Crestfallen by the humaneness
There to embrace dishonesty
Blurred vision of the war machine
We take the hand of ignorance in vain
We see atrocities but we don't complain
Self-complacency
Supremacy or negativity?
