What is this sitcom therapy?  
What is emulation of empathy?  
Thrashcan dating Big Brother shows, it's a brothel of  
emotions  
Why the fuck should I care about a suburb bitch that  
can't find a man?  
Why the fuck should I care about some fatass that eats  
himself to death?  
You tell me, why the fuck should I care?  
You tell me, what is this charade?  
Ratings are money, a life for profit you tell me, are you  
that liable?  
Thrashcan dating Big Brother shows, it's a brothel of
