"Refined Torture"

Sleep and sensory deprivation
Walk bravely towards your execution
The sadism of a few
The suffering of them all
Terror and torture go hand in glove
A matter of power and control
The abuses associated with
Terror and torture
Continue to spread
Dogs used to intimidate prisoners of war
Sleep and sensory deprivation
Extreme isolation
Simulated executions
Exposure to cold
Exposure to heat
Sophisticated endless torments
Go off bravely to your death
Fuck the human rights
Fuck individual freedom
Fuck the world, fuck myself and other esoteric bullshit
Fuck zombified cunts, fuck sedative retards
Fuck their lies, fuck duality and other routine-bound bastards
Simulated executions
Exposure to cold
Exposure to heat
Sophisticated endless torments
Go off bravely to your death
Sleep and sensory deprivation
Extreme isolation
