Here comes the pain  
We can struggle but there's no easy way out  
Here comes the fucking pain  
We hate ourselves and despise our own race  
We're blind and dumb living mediocracy  
Fuck our trends and our illusions too  
Uneducated twenty first century slaves  
Here comes the fucking pain  
We can wrestle but there's no easy way out  
Here comes the pain  
We can wrestle but there's no easy way out  
Fake rebels and docile as hell  
Politicians know how stupid we are  
Inject their lies straight to our brainless minds  
Absorbed, digested, abhorred (and) repeated  
We're just a horde of losers and morons  
Pretend we are strong, but cry mummy for help  
A legion of wirehead imbeciles  
Drinking booze night by day  
Is all what we do  
Television tells us what to think  
Illiterate and thinking all what we see is true  
Miserable and no passion in life  
But media propaganda as ecumenical food  
A genocide  
All what we need is a genocide  
A worldwide genocide
